## **Notes and History**

### \*\*if MATH 900S was NOT selected in the Required Core

\*\*\*can only be used if MATH 210 *and* 220 *OR* MATH 211 *and* 221 *OR* MATH 900S or an equivalent sequence, is required or an option

Courses selected for the degree for Lists A and B should be informed by the requirements of local transfer institutions.

NOTE on List B: It is expected that if a college has lower division economics elective courses, faculty would prefer students choose from those options in List B; thus it would not be necessary to include the economics electives and introductory social science courses in List B. However, if a college does not have economics electives, then introductory social science courses courses could be used instead.
